**Did you know that the average unemployment rate
for 15- to 24-year-olds in the EU27 was 23.5% in
April 2013?**

This Eurostat figure was calculated using individual country values ranging from 7.5% (Germany) to 62.5% (Greece).*

What have we in and with our institutions to do to close this gap and reduce youth unemployment decisively and sustainably?

Funded by the Leonardo da Vinci - Transfer of Innovation programme, the EU-project **ImPrO-F** draws on the transnational expertise of five organisations active in the field of professional development and training.

- ttg team training GmbH · GERMANY
- Carinthian International Club · AUSTRIA
- Telšiai Adult School · LITHUANIA
- Europeace Youth · UNITED KINGDOM
- Dirección General de Inmigración de la Consejería de Asuntos Sociales de la Comunidad de Madrid (España) · SPAIN

Working together our aim is to strengthen the knowledge, skills and competences of VET professionals by supporting their further education and training in a modular course called ImPrO-F. [Click here to learn more.](#)

*Eurostat. 31 May 2013. Euro area unemployment rate at 12.2%.

Available at http://epp.eurostat.ec.europa.eu/portal/page/portal/publications/collections/news_releases; accessed 11 June 2013.

Funded

This project has been funded with support from the **European Commission**. This publication [communication] reflects the views only of the author, and the Commission cannot be held responsible for any use which may be made of the information contained therein.

ImPrO-F Newsflash

On 28 May 2013 the FRANCE 24 DEBATE covered the recent riots in Sweden by addressing the question, **'What can be learned?'** We encourage you to tune into the discussion, which touches on social inequality and youth unemployment from diverse perspectives.

What ImPrO-F means to us...

Get to know project partners one at a time!

We offer inter alia different vocational training courses for adolescents at risk of social exclusion. So teachers and trainers working in these courses can improve their knowledge and broaden their horizons with the ImPrO-F outputs. They can e.g. apply tools for competence assessment etc..

Furthermore ttg works with other training institutions and organisations in the field of vocational training, so we see the possibility to exchange knowledge and skills.

Our focus is to develop a comprehensive, useful training course for professional orientation. Moreover we appreciate the exchange with the partners of our European projects a lot.
